Right Mitten:

Made in the round using magic loop or double pointed needles.

Using background color, cast on 64 sts on smaller needle, dividing sts evenly and joining without twist. Work 8 rounds K2, P2 rib.

Change to larger size needles and work cuff diagram A for 14 rounds with red background and white as pattern color. Work one more round of red.

Work twisted border as follows: First row with red and white. Purl alternate colors taking new thread from beneath other. Keep yarn to front. 2nd row work in red and gold in same manner but take new color over last color.

Place red sts over red sts from 1st row. Work 1 round in red decreasing 2 sts evenly across row. Follow diagram B placing center of back over crown center. You may need to shift beginning of row by 1 stitch.

Use gold as pattern color on the red. Increase for thumb as indicated in diagram by M1 inside the gold sts for a smoother line of thumb increases.

(No sts inside red lines.)

See picture of mitten. You will have 72 total sts after increasing.

When you reach the horizontal red line work these 13 sts. with waste yarn, push them back to left needle and continue with pattern changing to white where indicated.

When decrease row is reached the mitten should reach top of little finger. Adjust size if necessary.

Work 3 “ant” sts of side, SSK work across to 3 sts before other side sts and K2 tog, work side sts, decrease on palm side the same.

Continue to decrease 4 sts every row until 3 sts remain between sides. Work double decrease on these 3 sts by SK2P. Same on palm. 8 sts remain. Cut yarn to 6”. Thread needle and pull up remaining 8 sts. tightly. Go through all sts several times and fasten off yarn on inside.

Thumb: Using thin needles pick up 13 sts under and 13 sts above waste yarn, then remove waste yarn, Using same size of needles as on mitten work thumb from diagram. Pick up 2 sts on each side. Try to match pattern on inside of thumb. (Bottom of thumb chart is included only for placement)

There will be 15 sts on back and 13 on top of thumb. With 2 edge sts = 30 total.

Decrease the same as mitten top per diagram. Pull up remaining 4 sts. Finish off yarn.

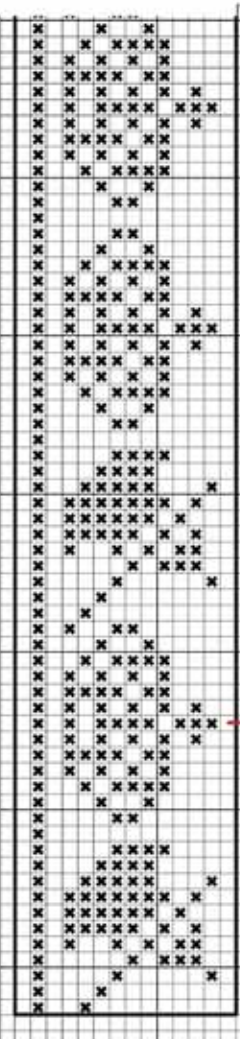

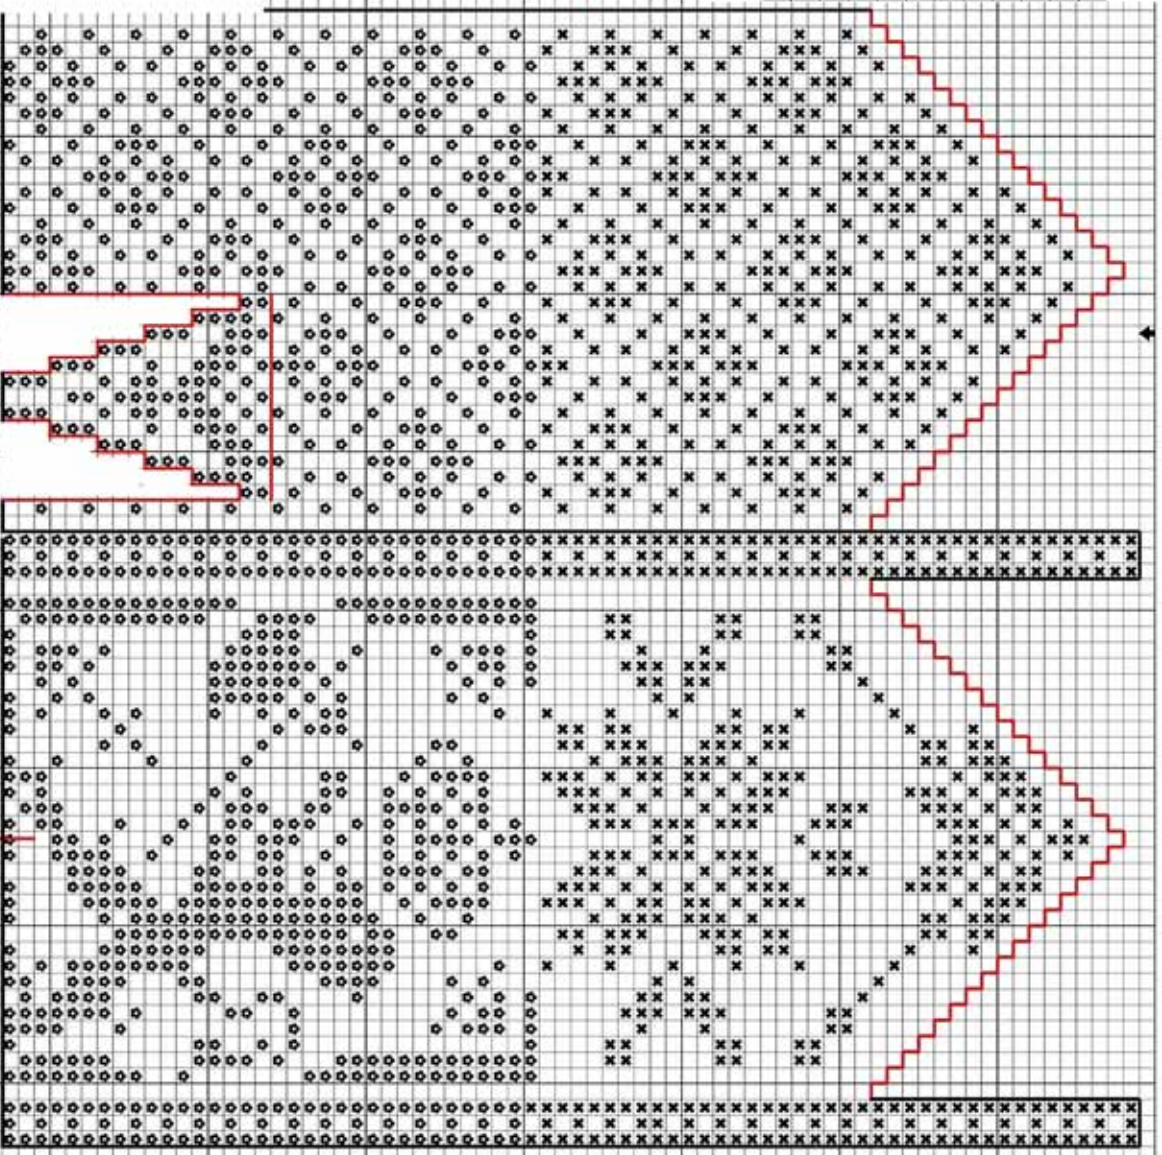

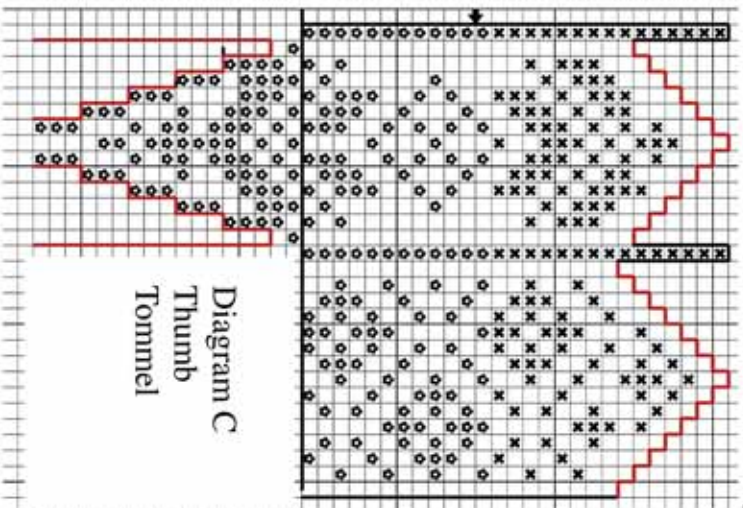

Left Mitten: Same as right mitten but follow diagrams D, E and F. Place thumb on opposite side.

Wash block, enjoy!
